County Executive Gardner to Hold Solid Waste “What’s Next” Town Hall Meeting on June 2

FREDERICK, MD – Frederick County Executive Jan Gardner invites citizens to a town-hall meeting to hear the public’s recommendations about long-term solid waste management strategies that were based on months of community brainstorming sessions.

The town hall will be held at 7 p.m. on Thursday, June 2, in the first floor hearing room of Winchester Hall, 12 East Church Street, Frederick, Md.

“I encourage residents to come to this town hall meeting to hear the outcome of the public outreach forums and next steps on solid waste,” said Executive Gardner. “We are looking forward to the presentation by Geosyntec and the results that will take us to the next phase of our open, transparent process that balances diverse viewpoints, ideas and perspectives in this important solid waste discussion.”

The [study](#) was designed to develop community consensus on which viable waste management and recycling alternatives should be specifically studied and evaluated in more detail in a later phase.

The town hall presentation will be televised on FCG-TV, cable channel 19, and webcast at www.FrederickCountyMD.gov/video.
